

## IdeaBlade Job Opening

**Title:** Senior Software Development Engineer / Consultant

**Skills:** Software development

**Date:** 2-1/2006

**Location:** Emeryville, CA

**Area Code:** 510

**Tax Term:** Fulltime

**Pay Rate:** Competitive: Salary + stock

### Job Description:

IdeaBlade is a venture-backed startup that sells .NET developer productivity tools and middleware.

IdeaBlade has an immediate opening for a Senior Software Development Engineer. The individual will work with customers to build .NET WinForms applications and may also work on features for the IdeaBlade DevForce product line.

The ideal candidate will have:

- 2+ years of .NET WinForms development experience (C#/VB)
- 5-10+ years Java, C++, or equivalent software development experience
- Experience developing client-server or n-tier enterprise applications
- Familiarity with database schema design
- Good requirements analysis and design skills – can analyze customer business processes and provide implementation advice
- Good communication, organizational, and time management skills
